

SENATOR KNOX DIES, STRICKEN WITH PARALYSIS

In Way to Dining Room When He
Suffered Shock; Succumbs
15 Minutes Later

NOT A POLITICIAN

Made Senator in Recognition of
Statesmanship Rather Than
Through Political Favor

Washington, Oct. 12.—Senator Knox of Pennsylvania, formerly secretary of state, died at his home here tonight, after a stroke of paralysis.

Mr. Knox was on his way to the dining room at 6:15 o'clock when he suffered the stroke. He died 15 minutes later without regaining consciousness.

Senator and Mrs. Knox returned from England only yesterday, where they had spent a vacation during the recess of congress, touring by automobile. The trip seemed to have benefited the Senator, and he had given no indications of falling ill.

Mrs. Knox and the Senator's secretary, E. W. Martin, were near the Senator when he was stricken, and summoned aid, but it was futile.

President Harding, Chief Justice Taft, Senator Lodge of Massachusetts, a Republican leader; Senator Penrose of Pennsylvania and other friends and close associates of Mr. Knox were soon notified of the Senator's death. The news came as a shock to all official Washington, for the Senator, through his services first as attorney general under President McKinley, and later as secretary of state under President Taft, had a wide circle of friends in all walks of public life, congressional, diplomatic and legal.

Arrangements for the funeral will be made tomorrow, after the arrival of a Washington of Senator Knox's sons, Reid Knox of Valley Forge, Pa., and Hugh S. Knox of Stamford, Conn., and daughter, Mrs. James R. Thindall of Valley Forge. A third son, Philander Chase Knox Jr., resides in Washington.

Senate to Honor His Memory.

The senate will meet tomorrow and adjourn out of respect to the late senator, and with the house, will name a committee to attend the funeral. Senator Knox's home was in Pittsburgh and he also had a summer home at Valley Forge. The place of interment has not yet been announced.

While at the senate today, Senator Knox apparently was in the best of health, although he had been somewhat overtaxed lately. He had been attending to the senate's business, restoring the technical state of peace with Germany, Austria and Hungary.

He sought to reach Washington in time to vote on the Panama Canal tolls, but arrived some hours after the vote had been taken. He told his associates that while he had been benefited by his vacation, he felt somewhat tired.

Senator Knox was 63 years old and was serving in the senate for a second time, having first been appointed in 1904 to succeed the late Senator Matthew Stanley Quay. He was elected to succeed himself in 1905, but resigned four years later to become secretary of state.

Not a Politician.

Always a political power in Pennsylvania and in the high national councils of his party, Senator Knox was said by his friends not to be a politician. He was not active in the management of the Republican party in the nation and his election as a senator, following his cabinet service, was said by close friends to be more in recognition of his statesmanship than a matter of state politics.

In the senate, Mr. Knox spoke infrequently and his occasional addresses were usually carefully prepared, were attended closely by members on both sides of the chamber. He was one of the most prominent of the "irreconcilables" in the Republican fight against the treaty of Versailles and was reputed to have been the author of some of the so-called Lodge reservations to the treaty, among them the provision dealing with retention of control over seized enemy property.

As an intimate personal and political friend, Senator Knox was close to the confidence of President Harding, to whom he served in the senate.

The President had frequently sought his advice in recent months, especially as a means of restoring peace with the Central Powers. The Senator's influence and advice was said to have been largely responsible for the selection by President Harding of

Andrew W. Mellon of Pittsburgh as secretary of the treasury.

Fights for Peace Resolution.

It was immediately after the final refusal of the senate to ratify the treaty of Versailles that Senator Knox began his fight for the ending of the technical state of war by resolution of congress. As a member of the senate foreign relations committee, he sponsored a peace resolution which the last congress adopted and which President Wilson vetoed. With some modifications, the resolution was again adopted by the senate soon after the opening of the special session of congress called by President Harding.

Senator Knox's last important address in the senate was in support of his position that congress had the power and upon it devolved the duty to end the state of war by resolution.

Mr. Knox was born at Brownsville, Pa., on May 6, 1858, and was named after a noted Episcopal bishop, Philander Chase. He was graduated from Mt. Union college, Alliance, O., in 1879, admitted to the bar in 1879, and pointed by President Grant as Assistant United States Attorney for the western district of Pennsylvania but resigned in 1877 and formed a law partnership with James H. Reed, under the name of Knox and Reed, in which he is said to have enjoyed a very lucrative practice. Many stories are told to illustrate his skill as a lawyer which he afterwards placed at the service of the United States in his capacity as Attorney-General.

Senator Knox first came into national prominence when in 1901 President McKinley appointed him as Attorney-General. He retained that office under President Roosevelt until 1904 when he resigned to accept an appointment as United States Senator from Pennsylvania to succeed the late Senator Quay.

Prosecuted Big Trusts.

As Attorney-General he established a record for prosecutions of trusts and combinations and in actions against railroads to prevent rebates and discrimination in rates.

Notable among his achievements while in this office was his suit against the Northern Securities company, a corporation organized for the purpose of combining the Northern Pacific and Great Northern railroads. He brought the government action to dissolve the merger and after a long legal fight beginning in 1902 he won the case in the United States circuit court.

Mr. Knox also waged a notable fight against the combination of seven beef corporations, against whom he brought action in that year (1902), charging them with being in conspiracy to restrain of trade. He obtained injunctions against the defendants which were made permanent on appeal to the United States Supreme court and the combination was ordered to be dissolved.

His own views on these powerful combinations were expressed in an address at that time in which he declared that over capitalization was the most conspicuously evil feature of the trusts but that other factors which contributed to their ill effect upon the public were lack of publicity of operation, discrimination in prices designed to eliminate competition, a tendency to monopolize trade in their lines and failure to appreciate that they owed any service to the public.

"My purpose," he declared, "is to show that we are not hopelessly helpless to deal with serious problems which confront us."

Mr. Knox has been credited by some with having "actually carried through" the purchase of the Panama Canal for \$10,000,000 which was an achievement of the Roosevelt administration. As Attorney-General, Mr. Knox went to Paris and ascertained that the new Panama Canal company held a clear title to convey the canal. This enabled the United States to proceed with the purchase.

WAR CRIMINALS ON TRIAL.

Sofia, Bulgaria, Oct. 12.—The trial of Bulgarians accused of war crimes opened today. The accused men include ten former cabinet ministers and three generals. They are charged with high treason in favor of Germany and misappropriation of public funds. The public prosecutor is demanding the death penalty for most of the defendants.

U. S. DELEGATES MEET

Harding Makes Known in Letter
His Attitude Toward
Disarmament

(By the Associated Press)

Washington, Oct. 12.—The American delegation to the armament conference held its first meeting today, effected a permanent organization, made a general survey of the data gathered for its guidance, and began discussion of the questions of policy that are to characterize the position of this government in the coming negotiations.

One of the first specific subjects to be considered was the problem of open or closed sessions for the armament conference and discussion is to be had before the delegates after they assemble for the opening of the doors whenever the entire body of delegates meet to register important decisions.

Other and broader questions of policy also were given detailed examination during the three and a half hour meeting of the delegation and tonight the delegates continued their deliberations and heard the views of President Harding at a White House dinner. No date was set for the next meeting.

None of those present at the meeting would reveal details of the deliberations regarding publicly for conference sessions but the impression was given that this government might lay before the delegates after they assemble here on November 11 a proposal that all sessions of the conference be open to the press.

President Harding's Attitude.

Some hint of President Harding's hopes for the armament conference was given as the delegates were assembling, by publication of a letter the President had written in reply to a prayer that he would favor disarmament. Absolute disarmament, Mr. Harding wrote, was "beyond hope of realization," and perhaps not even desirable, but a "reasonable limitation" of armament was a practical proposition with some hope of accomplishment.

The letter in which President Harding outlined his hope for "reasonable limitation" was made public at the White House as expressing the Executive's attitude toward the views of all those who have written him to work for complete disarmament. The letter was addressed to Miss Ella I. Freed, Brooklyn, N. Y., and was as follows:

"My dear Miss Freed:

"Your letters, among others that come to me, suggest a widespread misapprehension as to the aims of the conference on limitation of armaments. In my letter of October 5 I said to you:

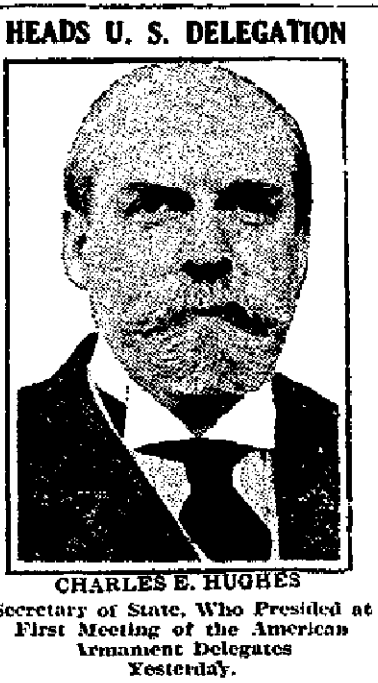

"I think I ought to correct your impression about the expectation of universal disarmament. It is very erroneous even to suggest that we contemplate going so far as that. If we can reach a reasonable limitation, we shall think that great things have been accomplished.

"You replied that my letter seemed to bring a measure of hopelessness to those seeking universal disarmament and asked me to explain reasonable limitation.

"By reasonable limitation I mean something feasible that there is a chance to accomplish, rather than an ideal that there would be no chance to realize. It is necessary to deal with actualities; to do the best possible. Universal disarmament would be beyond hope of realization; even its desirability at this time might well be questioned. Thousands of years of history recording the wars and controversies of mankind suggest that human nature would require revolutionary reorganization to make universal disarmament possible. A consideration of the present state of the world must, I think, enforce the conclusion that this is not a hopeful time to undertake that kind of revolution.

"On the other hand a world with the horrors of recent experiences seared into its mind and staggering under the load of debt and armaments, has generously justified our hope for a favorable attitude toward the practical effort, the sincere beginning that we are attempting. The fine spirit in which leading nations have received the invitation to meet and consider these things, is altogether encouraging. To undertake the impossible and fail might leave our last state worse than our first. The attitude of the nations warrants confidence that we will not fail, but rather that substantial results will be accomplished, calculated to lessen the armament burden and to reduce the danger of armed conflict. I feel that in such an effort we are entitled to the support of all people who would be guided by common sense. I would—so see still more accomplished if possible.

"Most sincerely yours,
"WARREN G. HARDING."

Hoover Says Conference Will End
Present Activities Today by
Receiving Reports

Washington, Oct. 12.—Discussions of the country's economic problems in the national conference on unemployment drew toward a close today with approval of the report on remedial measures of the committee on shipping and construction.

Secretary Hoover, chairman of the conference, announced that the conference would end its present activities tomorrow with reception of reports from its remaining sub-committees and suggestions for continuing its usefulness from the organization committee.

Gratifying responses have been received, he said, to the appeal of President Harding and the conference for making effective its recommendations for the relief of the unemployment emergency. The railroads, he declared, have added about 25,000 men to their rolls and public utilities in many sections of the country are preparing to increase employment.

A paragraph of the construction committee's report, which asserted that the interstate commerce commission took away from the construction industry the use of open-top cars without full hearing, was stricken from the text at the suggestion of Mr. Hoover after objection had been made by Edgar E. Clark, former chairman of the committee.

Samuel Gompers, president of the American Federation of Labor, declared he wished to dissent from any expression in the report which coupled the human element of labor with inanimate things such as articles of commerce and commodities where construction factors were listed. Mr. Hoover asserted that the report had in mind the cost of labor rather than labor itself.

BREACHES OF TRUCE TODAY'S SUBJECT

Irish and British Conferences to Resume
Peace Conference
This Morning

(By the Associated Press)

London, Oct. 12.—When the Irish conference resumes its sessions at 11 o'clock tomorrow morning, it probably will first deal with the question of alleged breaches of the truce, which have been the subject of conversations today between various members of the British and Irish delegations.

It is agreed among the delegates, it was understood tonight, that breaches have arisen on both sides, Dublin Castle having produced a list of such occurrences, which was compared with a list published by the Irish Bulletin of breaches by auxiliaries, the police and the military.

In the recent killings at Galway and shootings resultant from an Irish Republican dance, it was conceded that both Sinn Feiners and crown officers violated the truce by carrying arms.

The Irish representatives, while expressing anxiety for accord regarding the truce, expressed disfavor of any extension of the original terms of the truce signed at general headquarters in Dublin.

Today's conversations were quite friendly and harmonious, as were yesterday's discussions in conference.

The question of the release of persons in internment camps has not yet been reached and probably the Irish delegates will not mention it for the present. The invitation to Ulster to send representatives to attend the current sessions likewise is awaiting a more opportune moment.

NEW RECORD FOR WORLD SERIES GATE RECEIPTS

New York, Oct. 12.—A new record for world series receipts was made today when the total to date reached \$604,781. This is \$22,367 more than the previous high mark made in the world series between the Cincinnati Nationals and the Chicago Americans in 1919.

The official attendance today was 41,813. Of this sum, the advisory board, which succeeded the national commission, appropriates 15 per cent or \$7,440,10, while the balance goes to the club owners.

KU KLUX KLAN IS DEFENDED

Not a Lawless Band of Hooded
Hoodlums, Imperial Wizard
Simmons Declares

ACCUSATIONS FALSE

Would Forever Disband Organization
If They Were True,
Its Founder Asserts

Washington, Oct. 12.—Sweeping denial of charges that the Ku Klux Klan contained within its ranks a lawless band of hooded hoodlums was made before a house committee today by William J. Simmons of Atlanta, Ga., its founder and Imperial Wizard.

Turing squarely upon members who had listened intently for nearly two hours to a dramatic defense of the organization, Mr. Simmons declared that "standing here in the presence of God," he wanted the world to know that if one-thousandth part of the charges were true he would call forth with together the grand council of the Klan for the purpose of forever disbanding it in every section of the United States.

Called late in the day after a number of negro witnesses from Boston and Chicago had urged a congressional inquiry of the Klan, the Imperial Wizard, first asking to be sworn, told the committee the Klan welcomed the investigation, but protested against attacks in some of the pending house resolutions.

The wizard was permitted to read his statement without interruption, although in the session tomorrow he will be questioned by committee men, especially with reference to published reports of various acts of vandalism charged to the Klan.

No Room for Law Breakers.

"There is no room in our organization for those who take the law into their own hands," he declared, banging the table. "We have been charged with everything from the wave of high prices to the sweeping march of the boll weevil. It has been charged that our primary aim was intimidation of the negro in the south. But, it might surprise this committee to know that the growth of the Ku Klux Klan has been greater in the north and the east than in the south."

Asserting that the Klan could not do "anything outside of its lodges," except by specific orders of its Imperial Wizard, so as to hold its membership in line, Mr. Simmons added:

"Before God, I have never signed any instructions that could be construed or carried out as a violation of law. The Klan does not tolerate or fear violation of the law, we preach respect for the law."

At times there was intense quiet in the room, and at one of these moments, the witness, rapping the table, declared that no man could charge disorder in any city where the Klan was well organized.

The Klan, the witness testified, is conducting an investigation of its own kind against Edward Young Clark, Imperial Kludge and head of the propagating bureau, and Mrs. Elizabeth Tyler, his assistant, and will issue an official statement when it comes into possession of all the facts. Mr. Simmons also stated that when the charges were first made, Clark and Mrs. Tyler presented their resignations to be acted upon after full opportunity had been given for a thorough sifting.

Klan Traditions Violated.

The revocation of charters at Pensacola, Fla., and Mobile, Ala., was ordered by the Klan, Mr. Simmons testified, after it had been found that somebody purporting to be members of the Klan violated its best traditions. At Pensacola three men wearing robes ordered a Greek to leave the city, but it was never established, he said, that they were Klansmen and the charter was restored on assurances by the local officers that they would keep up a relentless fight to find the offenders.

The Mobile incident, Mr. Simmons continued, was due to "the silly act" of a member, who, "imagining he had the power of Napoleon" posted Klan warnings "to bootleggers and others" that the organization was preparing to clean up the town. The notice was signed, he said, "by a man who had no sense."

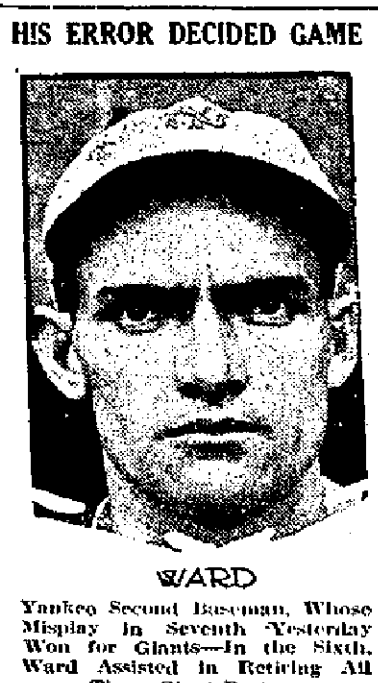

Discussing charges of violence on the part of alleged Klansmen, Mr. Simmons declared that when a member took the law into his own hands he automatically was dropped from the organization.

"And I have never yet failed," he added, "to turn over to the local authorities, if I had it, any evidence needed to bring about a conviction. I have been doing everything in that direction and no man living can say that I, personally, or as head of the Klan, ever attempted to shield a criminal. A member's oath requires him to uphold and respect the law. Our ritual, about which so many slanderous things have been said, is copy-righted and filed these five years in the library of congress. Surely it would not have been put there under the eye of the government if we had anything to conceal."

Never Incited to Hate.

The charge that the Klan sought to obtain officers of the law as members was characterized by the Imperial Wizard as a "tremendous indictment against the honor of American citizenship." Denying that the Klan had incited to riot, he declared no riot had occurred in any city where the Klan had representatives.

"The Ku Klux Klan is purely a Protestant and non-political organization," he said. "It does not seek political power. It has offered big rewards for capture of law breakers, showing as Klansmen, and its records show where it has provided substantial aid for those needing it. In the

TWAS GREAT DAY

Snyder's Double Following Ward's
Error Gives Nationals
2-1 Count

(By The Associated Press)

New York, Oct. 12.—Frank Snyder, the Giants' bulky catcher, shot one of Carl Mays' under-hand twisters into left-center field for a two base hit in the seventh inning at the Polo Grounds this afternoon and thereby clinched the world series for the New York National League champions.

The Giants, by winning this contest, two runs to one, went for the first time into the lead in the world's championship race, making the count stand four games to three.

The McGraw men need but one more victory to give them the series, and the big end of the money. If the Yankees should win tomorrow and a ninth game is necessary, the Giants will be the home team, the Yankees being first. This was decided in the club house at the Polo Grounds late this afternoon. Commissioner Landis tossed a coin and President Stoneham of the Giants called the turn.

Today's game, probably the best played and certainly the snappiest and the tensest in the series, was one worthy of the two pennant-winning clubs. It was witnessed by a holiday crowd of 35,503 persons, a crowd which was by all odds the most demonstrative of all the great throngs which have gathered for these games. It seemed almost as if the roar that greeted "Chick" Fowler, the Yankee lead-off man, again substituting for Babe Ruth, when he stepped to the plate in the first inning, was continued without pause until Phil Douglas of the Giants tossed out Wally Schang for the last out in the ninth. One side or the other of the partially divided throng either found an ever-present occasion to cheer or took the occasion regardless.

Douglas vs Mays.

For the third time, it was a case of Douglas against Mays and for the second time the verdict went to Douglas. "Shuffle" Phil pitched masterly ball, settling down after a somewhat uncertain start of it for the first two innings, in the last of which the Yankees scored their only tally, and either turning the American leaguers back in order or skillfully foiling their valiant attempts to put another run across the plate. He was aided by wonderful support by his giant teammates, not a fielding misplay being made on the National side.

On the other hand, Carl Mays, while the lower half of the game was successful, on a performance on the mound. The blond Missourian was staidier than Douglas, not issuing a pass and allowing but six hits to eight for his opponent, and but for a slip, most unfortunate for Mays and his Yankee teammates, on the part of Aaron Ward in the seventh inning the game might easily have gone into extra innings with the score tied, 1 to 1.

The Break of the Game.

The Yankee second baseman's error proved the real "break" of the game, putting on base the runner who shortly after scored the winning tally. The usual reliable Ward, who has been usually used as a pinch runner, has all through the series, this time let a grounder by Lawings get away from him after two Giants had been retired in the seventh inning. Aaron recovered the ball and made a quick throw to Pipp, but was just too late.

Frank Snyder lumbered confidently onto the plate and banged the first ball pitched into the outfield for two bases.

Lawings winged his way around the bases as Miller and Fowler scrambled for the ball, but before it could be relayed in, Lawings was across the plate with what proved to be their winning tally. The Giant rooters knew no limits in their enthusiasm and it was moments before the roar subsided and Mays put on steam and fanned Douglas for the third out.

The probable batteries for tomorrow are Nohr or Barnes and Snyder for the Giants and Hoyt and Schang for the Yankees.

Both Manager Confident.

"If the Giants are not the world's champions by sundown tomorrow, I shall be greatly disappointed," Manager McGraw declared tonight.

Just which of my pitchers I will work in the eighth game tomorrow, I do not know now. Joe Barnes is very anxious to get another crack at the Yankees and has asked me to let him pitch tomorrow's game. I also have Arthur Nohr, Fred Toney and Slim Sallee.

"On the other hand, I naturally figure that Huggins must come back with Wally Hoyt and I think we can take Hoyt's mound. I will not make a definite decision regarding my pitchers until I see how they warm up before the game."

"We are not licked yet," Manager Huggins declared tonight. "Far from it. We'll be in there tomorrow fighting with our backs to the wall and when it's all over Hoyt will be the man of the hour and the series will be evened again. We have been un-

SENATE VOTES FOR TRANSIT TAX REPEAL

Levies Will Cease Next January 1;
Committee Amendments
Accepted

Washington, Oct. 12.—Adoption by the senate of the Republican compromise plan for repeal of all the transportation taxes on next January 1, was completed today with the acceptance without a dissenting vote of an amendment removing the tax on parcel post packages. Senator Reed, Democrat of Missouri, sought to extend the repeal to levies on messages by telegraph, telephone, cable and radio, but his motion was voted down, 52 to 20.

Committee amendments to the bill accepted included those imposing license taxes on brokers and others, and manufacturers' taxes of two cents a gallon on cereal beverages, still drinks and unfermented fruit juices; seven and one-half cents a gallon on finished fountain syrups and five cents a pound on carbonic acid gas.

Until the chewing gum tax was reached, the senate made fairly rapid progress on the bill. But there it stuck for nearly two hours with a discussion of chewing gum, tariff and other subjects. A Republican proposal to repeal the two cent tax on gum was opposed by Senator Reed.

That the course of Senator Reed's address, there was reference to agricultural "bloc" and Senator Moses, Republican of New Hampshire, wanted to know how many agriculturists were in that "bloc." This led later to an address by Senator Ashurst, Democrat of Arizona, who declared the time had come to quit referring deservingly to the agricultural "bloc."

Mr. Ashurst, who was chairman of Democratic and Republican senators who were determined to get legislation through the senate for the benefit of the farmers and who were equally determined that the "millions of Wall Street" should not control tax and tariff legislation.

After an address by Senator Heflin, Democrat of Alabama, who told of the work of the agricultural "bloc" and again attacked the Federal Reserve bank, the excise tax section was passed over.

PLAN TO INCREASE HOUSE TO 461 MEMBERS APPROVED

Washington, Oct. 12.—House Republicans at a caucus tonight decided to support the Seigel bill to increase the size of the house from 435 to 461 members.

It was said 34 members agreed to vote for the bill while 76 indicated they would oppose it.

Vigorous opposition to the measure developed at the caucus. It was understood, several members of the census committee leading the fight to retain the present size of the house in opposition to the stand of Chairman Seigel and a majority of the Republican membership of the committee.

STOLEN GEMS HURT MARKET

Pilfered Russian Diamonds Ruin the Trade in Holland and England.

Amsterdam, Holland.—Steadily increasing unemployment in the Dutch diamond industry is causing some apprehension in business circles here. Last week the number of unemployed exceeded 7,000, and a considerable increase is expected in the near future. Unfavorable news from the United States is having a bad influence on the diamond market. It is hoped, however, that abundant American crops, followed as they probably will be by more active general business, will lead to some revival in the demand for diamonds. The fact that guilders are low in the American market may also lead to some American buying.

Messages from England attribute the poor trade in diamonds in the British and Dutch markets to the fact that many stolen Russian stones have been sold in various European cities. The larger number of these stolen Russian gems came by circuitous routes into the hands of Dutch dealers. Virtually all of them had to be reground. It is the belief among the initiated here that the market will not be normal again until these stolen stones have all been cleared off the market.

BRITISH YAWN CALMS POLES

"Really, I Must Go to Bed," Officer Tells Excited Mob in Silesia.

London.—A British yawn in the early hours of the morning calmed a crowd of excited Poles at Myslowitz, upper Silesia, according to the Berlin correspondent of the London Daily Express. A British force entered the town one night to restore order. At 2 o'clock this morning a deputation woke the commanding officer from his bed and told him that they would fight by the side of the British against the Germans.

The officer, now in the street in his pajamas, yawned, as the late Duke of Devonshire is said to have done in the middle of a speech. "Really," said the officer, "I must go back to bed again."

This example of British calm much impressed the Poles, who remained in the street quietly, save for the shouting of patriotic phrases.

Bull Spills Picnic.
Northumberland, Pa.—When a bull charged down upon a party of picnickers at a grove near here the other day dinner was forgotten in a wild scramble to reach safety. Staid matrons tried to climb trees, others made ineffectual efforts to reach automobile vans, while some climbed into the cars. Grover D. Savidge, a Sunbury business man, seized a shovel and beat the enraged animal over the head until several farmers who had been chasing it arrived with pitchforks and drove the beast back into the barnyard.

IT'S BASKETBALL NOW

With Baseball Season Nearly Over Attention Is Turning to the Court Game — Wanderers to Represent the City.

With the baseball year nearly over and football practically a dead issue as far as the city is concerned, since no gridiron contests have been staged in several years, sport fans are turning their attention to basketball and are taking over the chances of Oneonta's being represented on the courts this fall and winter by a winning quintet. The consensus of opinion seems to be, since it was announced that the Wanderers would wear the city's colors under the auspices of the Community Athletic association, that Oneonta will have a representation equal to that of any city of its size in the state and that basketball will prove more popular this season than ever before.

There has always been a coterie of followers of the sport in the city but the game has never been widely popular because there has never been a team officially representing the community. This year, however, the Wanderers will be the Oneonta team and it is hoped and expected that they will have as large a following as did the baseball team, which won a sectional championship for the city. When the matter of having a basketball team was first discussed by the Athletic association it was considered probable that a professional team would be engaged. Upon further consideration, however, this plan was dropped. Basketball is not a professional sport in the sense that baseball is and a professional team would cost a great deal of money but would very likely prove unsatisfactory. And besides it was considered unnecessary to go outside of the city for players when so many first class amateurs were available locally.

Manager Thurston A. Crounse offered the Wanderers as a solution and it was decided to let that excellent organization represent the city, since it includes in its membership practically all of the star players in Oneonta. That the decision was a wise one is indicated by the remarkable record of the Wanderers during the past two seasons. The quintet has played every fast team in this vicinity and has been defeated but few times. Among its victims are the Binghamton Interstate league team, champions of two seasons ago, and the strong Oswego outfit, defeated on their home court for the first time in several years.

Practice has already been started and a schedule of games with fast teams in this part of the state is being arranged. It is planned to bring to the city several school and college teams.

"CALIGULAS" EAT SONG BIRDS

Slaughter in England Arouses Friends of Feathered Tribe to Plan Protection.

London.—"Unless a strong effort is made to suppress the whole thing, it will not be long before robins and warblers grace the tables of British Caligulas. On the other hand, practical effort would soon have its effect." So, sadly, yet threateningly, states the annual report of the Royal Society for the Protection of Birds. It adds:

"The small supply of singing birds as gastronomic tidbits in poultrykeepers' shops and the provision departments of large stores has again come into prominence through the increased exhibition of skylarks and continued attempts to introduce thrushes and other species."

"The custom of serving up larks at city dinners and smart functions has long deprived England of her justification of protest against the eating of robins and warblers by French and Italians."

GERMANS BAN ALIEN WORDS

Renew Movement That Was Begun Before the War—Controversy Is Raging.

Berlin.—The Germans are again having bad luck over their attempts to "purify" their language by eliminating foreign words. At the beginning of the war a campaign was waged against the use of English and French phrases which had become part and parcel of the language. The German army, in spite of the raving of the professors, retained the foreign names of army corps, divisions, brigades and battalions to the end.

Now the controversy is raging around Professor Einstein's theory of relativity. The Germans have discovered that the word relativist is unworthy of retention and have put their heads together to invent a different and worthier name, so far with strange results. The native expression proposed is bezuglichkeitsanschauungs-gesetz.

LUNACY LAID TO DISHWASHING

Asylum Committee in Great Britain Tells How Housework Affects Women.

London.—Housework is largely responsible for the increase in lunacy among women of England, according to a report to the Eastbourne guardians, Sussex, by the asylum visiting committee. And the thing that is sending more women to lunatic asylums than anything else is the everlasting task of dish washing, according to Dr. Marie Stopes, author of "Married Love," who says that the nervous tension of housework is not generally realized.

MONUMENT TO FRENCH COOK

Strasbourg Committee Plans Honor for Inventor of Pate de Fois Gras.

Paris, France.—A committee has been formed at Strasbourg for the erection of a monument to the memory of the inventor of pate de fois gras (stuffed goose livers) with truffles. His name was Close and he was cook to the Marshal de Contades. That some gratitude is due from the ancient city is shown by the fact that the liver and truffle delicacy brought 20,000,000 francs a year to it before the war.

HIS SUCCESS PROVES TRAGIC

New York Man Tells Supreme Court Justice in Divorce Case Wealth Brought Him Unhappiness.

New York.—Joseph Shimansky told Supreme Court Justice Cropsey that wealth brought him unhappiness. He opposed the application of his wife, Mrs. Fannie Shimansky, for alimony and counsel fee pending the trial of her suit for separation.

Both Shimansky and his wife are aged fifty-four. They have five children. Two daughters were married, one to a lawyer and one to a physician, and two were identical designers earning from \$3,000 to \$10,000 a year apiece, according to the affidavit of Shimansky.

"The Bement avenue house was bought against my wishes," he said. "I had seen my children grow up and develop talents I could neither appreciate or understand. My wife craved social advancement and the Bement avenue house was one of the means thereof."

"My children came in contact with a different class of people than I had been accustomed to associate with. They brought these people to this large and magnificent house. I, not knowing the usages of polite society, became an embarrassment to the plaintiff and her daughters. I finally became a stranger in my own home."

Schmansky said that at last he was ordered out of the house altogether. Now, he said, he lives in a furnished room and eats in restaurants.

TO MOVE VILLAGE A MILE

United States Steel Corporation Orders Hibbing (Minn.) Placed on New Site.

Hibbing, Pa.—The United States Steel corporation is going to undertake the task of moving a whole town—Hibbing, the world's richest village—located in the center of the great iron belt of the Mesabi range of northern Minnesota. Within six months this noted village, known the world over wherever steel is a commodity, will be a mile away from the site of its birth, and the great corporation's steam shovels will be digging ore where old Hibbing stood.

An engineer of the steel corporation said recently that he was sent in his office in New York some time ago when a phone call summoned him to the office of Judge Gary, chairman of the board. He was in Mr. Gary's office only two minutes, but in those two minutes he was asked a half dozen questions bearing on the topography of Hibbing, the town founded by the late Henry W. Oliver of Pittsburgh, and then was instructed to "put that town on the move and keep it on the move until you have it a mile away"—and there were no further instructions.

And now Hibbing is to be "put on the move." When scuttled down on its new site, it is to be known as "New Hibbing."

Fine and Expensive Peach.

Tuba City, Cal.—County Clerk Albert B. Brown of Sutter county has claim to having produced the most costly peach in the world. It is worth \$10,000. Brown's orchard is only one year old and he was surprised when inspecting it to find on one of the yearlings a handsome large peach. The orchard has cost him the price he places on the peach. Fruit men marvel at the product of this yearling.

Voice Has Mile Range.

NOVEL AUTO RULES

Chinese Prescribe Regulations to Prevent Accidents.

Chauffeurs to Be Locked in Room With Wax Images of Victims to Make Them Sorry

Shanghai.—As a means of preventing automobile accidents the Health Precautionary association, an organization composed of leading Chinese of Shanghai, recently prepared a list of suggestions among which are several of engaging novelty. The suggestions which were adopted at a meeting after lengthy debate were submitted to the municipal council of the international settlement.

"All motorcars have rubber tired wheels and run without noise. It is too late to blow a horn when a car has already collided with a pedestrian. A car should have a very small bell attached to one of the front wheels, and this bell should be kept ringing all the time so that when pedestrians hear it they can get out of the way."

"This bell should be half the size of a bicycle bell. Each car should have a speed limit, but the fire brigade doctors and police motorists should be exempted."

"A chauffeur should wear a brass badge on his breast. The badge should be three inches in diameter and should have his name and the number of his license in English and Chinese inscribed thereon. The badge should be issued by the municipal council at a fee of ten cents. Then a man not licensed will not dare to drive a car."

"All motorcars should have rails or iron chains around the cars to insure safety and in case of collision the cars will be prevented from falling and injuring pedestrians. Cars should not be piled too high to prevent danger when passing over bridges."

"There should be one licensed chauffeur and an assistant to take charge of each motorcar or truck. The assistant should sit behind and keep a lookout when the car turns around, goes backward, enters or leaves the garage. The owner of the car will not mind spending a little money in employing an assistant chauffeur."

"After a person is killed by a motorcar a wax image of the deceased should be made and placed in a room and any chauffeur who causes injuries to others should be locked up in this room so that he will see the image and feel sorry. This may cause him to repent. This has been introduced in America and has produced successful results."

FLASH BURIAL RITES TO SHIP

Vessel Minus Prayer Book When Fireman Dies Gets Full Ritual by Wireless.

Liverpool.—During a recent voyage of a liner from America, a request was received in the ship's wireless room from another vessel asking for the transmission to it by wireless of the words of the burial service.

The reason for this unusual request was that a fireman on board the Canadian government steamer Canadian Trapper had been taken ill on the voyage and had died, and the captain discovered that there was no copy of the prayer book on board.

The Canadian operator telegraphed by wireless the whole of the burial service.

Do You Look Forward To a Good Night's Rest?

Do you regularly anticipate a refreshing sleep? Or do you dread going to bed, only to stare, sleepless, at the walls? The difference between sleeping and staring is simply a matter of nerves.

When your nervous system is in a sound condition, you are certain to sleep well. But when your nerves are worn out and beyond your control, your rest is broken and your awakening leaves you languid and irritable.

Doctors know that much of the nerve disorders result from tea and coffee drinking. The drugs in these drinks over-stimulate, often causing the serious ills which result from disturbing the regular bodily functions. It is for your health's sake that many doctors now say you should quit

tea and coffee. Drink Postum, the delicious meal-time beverage instead! In flavor it is much like coffee.

Postum is fundamentally a nerve strengthener because it lets you get sound, restful sleep. Postum is a skillfully-made cereal beverage, and the secret of its popularity is its protection to health and its delicious flavor.

Ask your grocer for Postum. Drink this hot, refreshing beverage in place of tea or coffee for 10 days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health

LOCAL MENTION

Important meeting Spanish War veterans at Armory Friday night. Full attendance desired.

Men and women citizens of Oneonta who will volunteer to assist in the Community Chest campaign the last week in this month are requested by E. W. Elmore, chairman of the Community Chest committee, to notify the Community house, 215-J, today, if possible.

FIREWORKS-POSTPONED

Display To Be Given Last Night Postponed Until This Evening—Dance at Armory Only Celebration of Columbus Day in City.

Because of the inclement weather yesterday afternoon and evening it was found necessary by the committee of the Italian-American Citizens club in charge of the Columbus Day celebration to postpone the exhibition of fireworks scheduled to be given at Wilbur park. The postponement was a disappointment to many who had hoped to spend an evening of enjoyment at the display but they will be glad to learn that the display was postponed, not cancelled, and will be given tonight if the weather gods are propitious and if not then, on the first clear night.

The dance at the state armory was given however, and was attended by about 50 couples, who found music rendered by Reisman's Novelty Five of excellent quality and the whole affair one of unalloyed enjoyment. Delicious refreshments were served during the evening.

L. Christiano, of 370 Main street won the prize of \$50 in gold given away during the evening.

ELECTRIC MEAT ON TROLLEYS.

Company to Discard Coal Stoves on Local Cars for Electric Coils.

Part of the cars used in the local trolley service are now at the company car barns at Hartwick undergoing extensive repairs. In addition to repainting and dressing, which will greatly improve the appearance of the cars, they will be equipped with electric coils for heating. When those now at Hartwick are ready to go into service, others will undergo similar repairs so that all cars in the local service will be newly painted and equipped with electric heating equipment for service during the cold weather.

The substitution of electric heat for that provided previously by the stoves will be welcomed by all who ride on the cars. Not only will the cars be warmer, but cleaner as well; and the odor of gas from the coal fire will be eliminated. With present prices of coal, the new system will also prove more economical to the company.

Oneonta Girls' Club.

In planning the Community house, provision was made for the activities of the girls' clubs of the town. The larger share of the first floor was set aside for this purpose. There one will find an assembly room, a reading room, bath, room and kitchen, with enough equipment with which to begin. A meeting has been called for Friday evening, October 14, at 8 o'clock at the Community house, 17 Ford avenue, by a group of women interested in this work.

Arrangements have been made for those desiring to join classes in cooking, dressmaking, millinery, embroidery, crocheting or knitting.

All self-supporting girls are eligible to membership and are urged to attend this meeting. It will be informal and plans for organization will be discussed.

The time—8 o'clock Friday evening, October 14.

The place—The Community house, 17 Ford avenue.

FRIDAY FIRST DAY TO REGISTER

Within the City and Saturday Elsewhere in County.

Friday is the first day of registration. Opportunity to register will be afforded the voters of Oneonta Friday and Saturday of this week, Oct. 14 and 15. Next week Friday and Saturday are the last days for registration in the city and a person not registered cannot vote on election day.

Outside the city registration will take place in the towns on Saturday of this week and on Saturday of next week. Personal registration is not required in the towns, but it is required in the city. In the towns the inspectors copy the lists from last year's poll books and add the new names, but in the cities the voters have to appear in person.

Meetings Today.

There will be a meeting of the Fishers' association of the Methodist Episcopal church after prayer meeting.

Regular meeting of the G. I. A. to the B. of S. E. in O. O. F. hall, at 2:30 this afternoon.

Regular meeting of Maecobes, tent No. 329, at 7:30 o'clock sharp.

Meeting Friday.

The Social club of Chapin Memorial church will meet Friday evening with Mrs. Glenn and Mrs. Hendy at 12 Luther street. All members please be present as it is election of officers.

RED CROSS ACTIVITIES

Notable Accomplishments of the Past Year and Work Outlined Explaining Needs for \$9,000 Provided in Community Chest.

At the request of the directors of the Community Chest, a statement of the work done and plans for the future of the ten organizations that are to share in the Chest. The first of these pertains to the Red Cross. It follows:

Three departments of the American Red Cross report activities for 1921 astonishing to the average uninformed member in Oneonta, when it is understood that attention has been paid to 619 cases of service, to ex-soldiers, 2990 garments have been made for foreign relief and 60 garments for local relief, and that in five months the public health nurse has reported caring for 58 cases of illness in addition to the 30 babies being examined through the baby clinic weekly and the average of 16 children treated each week at the dental clinic.

Aid to 317 Ex-Service Men.

The Home Service department has made partial payment on Oneonta's debt to her World War soldiers by giving aid to 317 ex-service men and their families, obtaining funeral expenses for two soldiers, filing and increasing compensation for 16 new cases, securing citizenship papers, writing letters, copying discharges, and obtaining information for ex-service men in 284 other cases. Miss Beulah Holdredge, the department's secretary, is at the Community house each afternoon to render this service. The department has also kept in touch with the brides brought from France and instructed them in American customs.

Have Made 2028 New Garments.

The Production department under Mrs. George L. Winans enrolled 702 women at its 34 meetings between January and July and have made 2028 new garments, 192 adult overgarments, 267 layettes, 698 adult garments, and 262 children's garments, in addition to five layettes and 55 garments sewed for local families needing this attention.

Miss Katherine Robertson, the Red Cross nurse supervised by the Department of Public Health Nursing, has since May 1 cared for 14 maternity cases, eight chronic cases, four surgical dressings, 15 sick babies, and 10 other cases of illness, besides assisting in five operations. Miss Robertson may be called at the Community house by any physician or family desiring her services, which are free to those unable to afford payment or may be obtained by others for a small fee.

Thirty Babies Cared For.

During Baby Welfare week, 30 babies were examined by physicians and since then, 35 babies have been examined at the baby clinics held each week at the Community house. Home visits for these babies have been made by Miss Robertson.

A dental clinic is being conducted twice each week at the Community house by Dr. L. S. DeLaMater and his assistant, Miss Rehya, and an average of 16 children are being treated each week. Teeth are filled and extracted on Wednesday afternoons and prophylactic treatments are given Saturday afternoons. The Red Cross has already expended \$500 for special equipment for the dental clinic.

Since the Red Cross, scope is national and international, 50 cents from each membership is forwarded to general headquarters to carry on its great program of relief work. But the balance of all contributions is expended for work carried on right in Oneonta.

"Suppose Nobody Cared?"

Oneonta's "good neighbors" through the War chest and previous roll-calls have made all this commendable work possible. This year, through the Community Chest, memberships and contributions to the Red Cross for a total of \$6,000 will be sought, \$325 monthly for the Nursing department, \$250 monthly for materials for the Production department, and \$50 monthly for the Home Service department. Suppose nobody cared and this work had to be discontinued? But somebody does care, the Red Cross is sure, and you and other Oneontans will be asked to enroll as "good neighbors" during the week of the Community Chest campaign, to aid the work of the Red Cross and nine other worthy organizations.

White Rose Sewing Circle Meets.

The White Rose Sewing circle of Perseverance lodge met yesterday afternoon with Mrs. Walter Melius, 23 Miller street. The hostesses of the afternoon were Mrs. Melius, Mrs. Benjamin Klusbaum, Mrs. Clifford Tamsett and Mrs. Grover Pidgeon. Delicious refreshments were served and piano numbers were pleasant features of the afternoon.

MISSION WORKERS MEET

Annual Basket Meeting at Delhi Well Attended—Mrs. Brad Itt-Elected President.

Nearly a hundred members of the Woman's Missionary societies of the Franklin Baptist association attended the annual basket meeting in the Delhi Baptist church yesterday. Twenty of the members of the societies of the three Baptist churches of Oneonta attended and reported an enjoyable and profitable meeting.

Mrs. N. S. Burd of the West End Baptist church was honored by being re-elected president of the organization. The other officers elected were Mrs. J. M. Wright of Walton, vice president, and Mrs. R. C. Bilderbeck of West Oneonta, secretary-treasurer.

The program, a summary of which was printed in The Star last Monday, was carried out essentially as announced. The women were particularly pleased with the splendid address given by Mrs. J. M. Baker upon conditions in South India, where she has been stationed with her husband for twenty-five years. Mr. and Mrs. Baker have charge of an extensive area of Orissa and her address was filled with an interesting description of the work, illustrated by numerous anecdotes taken from long and active service. Mrs. G. A. Carr of this city sang two sacred solos, "The Carpenter's Son" and "How, When, Where and Why" in a manner which brought generous applause.

Reports from the field were very encouraging, and notable among the facts brought out was the growth of missionary activity among the young people in the churches of the Franklin association during the past year. At the business meeting it was decided to hold the meeting in the Baptist church at Sidney next year.

WEEK-END TROLLEY SERVICE.

Southern New York Railway Company to Try Special Rates to Mohawk.

C. S. Stanton, promotion manager of the Southern New York Power and Railway corporation, announced when in the city Tuesday that on Friday, October 28, an experiment would be made toward developing a week-end travel on the electric line to Mohawk and points west and north. On the afternoon of the 28th, round trip tickets will be sold to Mohawk at the special rate of \$3.

The special rate tickets will be good only on cars leaving the city at 2:50 and 5:40 o'clock in the afternoon and returning on cars out of Mohawk at 3:40 and 8:25 p. m. on Sunday. The management hopes by reducing the fare to induce the traveling public to make their week-end trips more frequent.

NO EXAMINATION HELD

Candidates Have Filed Their Applications and Department Will Conduct Its Own Examination.

Tuesday was the day announced for a civil service examination for postmaster at Oneonta, but no examination either oral or written was held, the date being virtually one for the final filing of applications for the position. Blanks were provided either at the local office or from headquarters at Washington to all who applied and no doubt there will be an examination of the applicants.

It is assumed that Frank G. Sherman, chairman of the Republican county committee and a long time friend of Congressman John D. Clarke, will receive the appointment, though there exists a well-defined rumor that several have filed an application with the department at Washington. While nothing definite is known as to the course the examining board will take, it is understood that in third class cities, it is sometimes the custom to send an investigator to look up the standing in the community, the business qualifications and even the desires of the large patrons of the office, and then if the report is satisfactory and the candidate has the endorsement of the county committee and others of influence in the party, the nomination is made.

It is assumed that Mr. Sherman will be able to meet all these requirements and that ere long his appointment will be announced. In the meantime Mr. Beams, whose term expired some months ago, will continue to serve.

RIISING YOUNG JOURNALIST.

High School Opposition Organ Edited by Ambitious Student.

The Leader, an eight-page tabloid magazine, has appeared in the field in seeming opposition to The Echo, the official publication of the students of the Oneonta High school. This latest comer in the journalistic field is edited by William Telford Boakes, son of Attorney and Mrs. George L. Boakes, and is printed by the "Liberty Publishing company" at 81 Elm street.

It is probable that the publication will shortlive since it announces on its editorial page that "members of Oneonta High school need a paper run by themselves without restriction from the faculty," and since its editors are students at that institution, it is, however, very cleverly gotten up and attests to the budding journalistic genius of the editor-in-chief. The lad will go far in the profession if he continues to exert the energy and ability which The Leader proves that he possesses.

Births.

Rev. and Mrs. Charles Tilden of Jorhatassan, India, announce the birth of a seven and one-fourth-pound boy, August 28, 1921, who has been named Philip Nelson. Mrs. Tilden will be remembered in Oneonta as Miss Grace Darling, a teacher in the Center Street school.

SIDNEY'S OLDEST RESIDENT.

Mrs. Eliza Isham celebrated her 90th birthday yesterday.

Mrs. Eliza Isham, the oldest resident of Sidney, quietly celebrated her 90th birthday yesterday. Numerous friends and neighbors called at her home to congratulate her upon reaching such a great old age. Mrs. Isham still has a nice old maid look, but her years would lead one to think could possibly be retained. She is very active, in possession of all her faculties and apparently is good for 100 years. She was born in Russia, Herkimer county, on October 12, 1831.

Mrs. Isham's sister-in-law, Mrs. Emily O. Foster, has also passed more milestones than the average person, her age being 87 on the 20th day of the present month. She is now at the home of her son, E. A. Foster of Oneonta, who was a former resident of Oneonta and is well known here.

The combined ages of the two women is 183 years.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family remedy that quickly made. Makes about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a wine bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Then you make a full pint of family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for curing the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

WEDDED AT ST. MARY'S

Mary Loretta, Broomer of This City Becomes Bride of John Joseph Flanagan of Brooklyn at Impressive Ceremony Yesterday Morning.

One of the most notable wedding ceremonies ever witnessed in St. Mary's Roman Catholic church occurred at 9 o'clock yesterday morning when Miss Mary Loretta Broomer, daughter of Mr. and Mrs. Charles F. Broomer of this city, was united in marriage to John Joseph Flanagan of Brooklyn. The church, which was tastefully trimmed with palms and ferns the work of Wyckoff, the florist, was well filled with relatives and friends of the bridal couple.

The bride was escorted by the maid of honor and the best man was Walter Broomer of Brooklyn, a brother of the bride. William Malarky of Brooklyn and John Steidle of this city acted as ushers.

The bride was charmingly gowned in white canton crepe trimmed with pearls, the head veil being of white tulle caught in place by orange blossoms and pearls which were worn by her mother on her wedding dress. She carried a shower bouquet of white roses. The maid of honor was attired in orchid canton crepe and carried pink roses. The gift of the bride to her maid of honor was an onyx pinkey ring and that of the groom to his best man a solid gold watch chain.

After the ceremony the happy couple, accompanied by relatives and friends, returned to the home of the bride's parents on Grove street where a reception was held, followed by a delicious wedding breakfast served by McKenny. Later Mr. and Mrs. Flanagan departed on an extensive wedding trip during which they will visit Chicago, Cleveland, Detroit, Niagara Falls and Boston. After November 15th they will be at home at 337 87th street, Brooklyn, where a newly built and furnished home, the gift of Mr. Flanagan to his bride, awaits them.

The bride is the daughter of Mr. and Mrs. Charles F. Broomer of Grove street and is a young lady who, by reason of her personal charm and admirable qualities, has endeared herself to all who know her. Her popularity is attested by the large number of handsome and costly presents of which she was the recipient. She is a graduate of the Oneonta High School and of the Albany Business college, and during the past two years has been employed by the General Electric company at Schenectady.

The groom is a son of Thomas P. Flanagan, chief building inspector for the city of Brooklyn, and is a successful business man, being a partner in the Flanagan company, proprietors of the Bay Ridge Sheet Metal works. He is a graduate of the New York Industrial institute and is an active member of the American legion, having served during the great war as a balloon observer with the 47th balloon company, A. E. F.

The following guests from out of the city were in attendance: Mr. and Mrs. T. P. Flanagan, Sr. and Mrs. T. P. Flanagan, Jr., Mr. and Mrs. J. A. Flanagan, Mrs. James P. McNally, Mr. and Mrs. John Skeels, Mr. and Mrs. William Skeels, William Malarky, Lee Ginn and Walter Broomer of Brooklyn; Mr. and Mrs. Thomas Skelly of Norwalk, Conn.; Mr. William P. Odell of Boston; Mr. and Mrs. F. W. Broomer, Mr. and Mrs. Leon Broomer, Mr. and Mrs. Fred Broomer, and Mrs. Agnes McLagan of Norwich; Mrs. John Blackburn, Mrs. Thomas Goggins, Mrs. John Maher, Mrs. Florence Milmore, Mrs. Robert Quackenbush, and Mrs. Timothy Cary of Schenectady; Miss Anne Sheehan, Miss Myra Ingalls and Miss Sue Roche of Albany.

Sunday Auto Travel Greatest.

If you are going on an automobile trip and want to avoid all possible traffic you should go on Tuesday or Wednesday. Such is the conclusion reached from a study of a traffic census taken recently by the Bureau of Public Roads, United States Department of Agriculture, on one of the most traveled roads in the United States. If you want to go at an hour when there will be the least traffic, start between 2 and 3 o'clock in the morning.

Traffic increases in amount steadily from Wednesday to Saturday, the census shows, and then jumps into his volume on Sunday. The volume of Sunday is about twice that on Tuesday or Wednesday. On Monday there is a decided drop from the Sunday figures and on Tuesday the lowest ebb is reached.

There is less traffic on the road between 2 and 3 o'clock in the morning than at any other time of the day. From 3 o'clock to 5 there is a slight increase; then a steady climb until 11. Between 11 o'clock and 1 there is a slight drop, and then an increase again until the peak is reached between 2 and 3. After 3 o'clock traffic drops slightly until 7, when the decrease becomes more pronounced. By midnight traffic has almost reached its lowest point.

Ninety per cent of the day's traffic, the census shows, rolls over the road between 7 a. m. and 9 p. m., and 52 per cent between 1 p. m. and 8 p. m.

MOTHER AND CHILDREN SENT TO JAIL BY MISTAKE

Mrs. Bertha Zelinsky of Reading, Pa., and her little children are free again after spending four days in the Queens county jail in Long Island City, N. Y., because she did not speak English. She was brought to Long Island City, she said, on the pretext that a sister living there was anxious to see her, by Jacob Raikes, who had served as a bondsman a year ago for Mrs. Zelinsky's sister, Raikes, when ordered to produce the girl, went to Reading and, according to the story told by Mrs. Zelinsky, brought her over to Long Island City and turned her over to the authorities. Only when her fingerprints were taken was the mistake discovered.

OPPOSES SUNDAY HUNTING

Oneonta Grange Passes Resolution and May Call Upon Officers to Enforce Measure.

At the last meeting of the Oneonta Grange the practice of hunting on Sunday was brought up for discussion. It was stated by several of the speakers that hunting is illegal on Sunday in New York state and all of the eastern states. The legislature in its wisdom struck out the word "fishing" from the penal law prohibiting certain things on Sunday, but made no change in the hunting prohibition.

According to the grange officials the organization is made up of people who obey the laws and respect the holy day and by unanimous vote the grange went on record as opposed to Sunday hunting.

A committee was appointed to and did draft a resolution on the subject to present the same to the session of the Pomona Grange held at Westville on Tuesday and later to the session of the State Grange. It is understood that the resolution was passed by Pomona Grange.

It is stated in behalf of the grange that it does not propose to take any hasty action, unless those who have made it a practice to hunt on Sunday persist in the unlawful practice, in which case the state troopers may be called to assist in bringing the offenders before the courts.

The grange in the resolution adopted requests the cooperation of the granges of the county and state, the various fish and game clubs and all citizens to the end that the game may be protected, the laws obeyed and the Sabbath respected.

THE TOWN TICKETS

Nominations Made for Various
Town Offices in County
of Otsego

ELECTION NOVEMBER 8

Some Old War Horses Nailed for
Supervisors in Towns While Some
New Names are Seen—Frank M.
Smith and John Sawyer Endorsed.

Following are the nominations made for the various town offices in many of the towns of the county, as filed with the commissioners of election at Cooperstown. Some of the towns waited until the last moment to file them. In the list of nominations for supervisors are many who have served their respective towns with a limited number of new names. In Worcester the name of Goodell is found as the Democratic nominee but it is DeForest Goodell, and not the one who so long represented the town. Hon. Charles Goodell.

In Springfield the Democrats endorsed the Republican nominee, Hon. Frank M. Smith and in Cherry Valley, the Republicans have endorsed John Sawyer, the Democratic nominee.

The list so far as compiled at present is as follows:

Yeast Vitamine Greatest of All Beauty Secrets—

Banishes Skin Eruptions. Puts on Firm Flesh, Strengthens The Nerves and Increases Energy.

Concentrated Tablets Easy and Economical to Take. Results Quick.

LUSTROUS HAIR

BRIGHT EYES

HEALTHY GLOW OF PERFECT DIGESTION

FIRM FLESH UNDER SKIN

NO FLABBINESS

NO HOLLOW

On what we are beautiful features if you have a healthy skin, bright eyes, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent better, simply try taking two of Martin's tiny yeast VITAMON Tablets with each meal and each result. Martin's VITAMON contains highly concentrated yeast vitamins, as well as the other two still more important vitamins (Fat Soluble A and Water Soluble C) and is now being used by thousands. It positively will not upset the stomach or cause gas, but, on the contrary, is a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Pimples, boils and skin eruptions seem to vanish like magic under its purifying influence, the complexion becomes fresh and beautiful, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. So rapid and amazing are the results that success is steadily guaranteed or the trial costs you nothing. Be sure to remember the name—Martin's VITAMON—the original and genuine yeast-vitamin tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Martin's VITAMON Tablets at all good druggists, such as Shires, Marsh, the Druggists, Brinkman & Shipley, J. M. Dickson, H. E. Gildersleeve.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality, (and hence of better taste) than in any other cigarette at the price.

Combinations

Combinations of all sorts are being used this year to the extent that the old theatrical "doubling-in" seems the only fit descriptive expression. Cost dresses, wrap gowns, capes, costumes—they are all with us. The combined wrap-dress of Irene Castle's is of heavy silver-toned tulle crepe.

TAKES 800 MILE TAXI RIDE

Woman's Trip is Profitable to Driver Who Gets Big Tip and Extra Fare.

London.—A taxicab ride of 800 miles was made by an elderly Scotch woman who, desiring to visit relatives in Breemar, Scotland, decided that it was too warm to travel by train. So she stopped Frederick Clarke, a taxicab driver, as he was driving past her house and had him take her to the North of Scotland.

Clarke picked up passengers for shorter hauls on his way back, so that his entire journey of 1,000 miles, which he covered without even a puncture, was decidedly profitable. Besides a substantial fare, the elderly woman gave him a \$50 tin.

Kidney and Bladder Troubles Have To Go

Clogged up Kidney Deposits Are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee It in Every Instance.

For 40 years, said Dr. Carey, I have been prescribing Marshmallow for kidney and bladder ailments and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moist palms, headache or aches, you ought to get a bottle of Dr. Carey's Marshmallow right away.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great prescription, Marshmallow, relieved thousands of sufferers from kidney and bladder troubles. Hereafter, you can always get this effective prescription in both liquid and tablet form at H. B. Childers' and all reliable pharmacists in the country. Keep in mind the name, Dr. Carey's Marshmallow prescription No. 777. No other medicine can take its place.

COW DIES OF ALCOHOLISM

Had a Taste for Moonshine Mash and Indulged Too Freely.
A jump at the moon, a "mo" and it was all over with poor Bess. Bess was a highly bred Jersey cow belonging to Samuel Young of Campbell's Creek, W. Va. In some manner unknown to Young she had acquired a taste for mountain dew.
One day Bess ate her fill of mash lying where it had been thrown by moonshiners. When Young found Bess she was cutting figures around the fences, trees and hillsides. Young tried to lead her home, but Bess crumpled on her side and died of acute alcoholism.

JOINT HONEYMOON

Twin Sisters in Double Wedding at Parents' Home.

One of the most unique weddings in the city's history took place at Mitchell, S. D., when Miss Erna Hagge and Miss Erna Hagge, twin sisters, who took as much alike as the proverbial peas in a pod, were united in marriage at a double wedding ceremony to Floyd Wilder and Herbert Fox, both of Mitchell. The marriage took place at the home of the brides' parents, Mr. and Mrs. Herman Hagge. The twin brides and their husbands left immediately on a joint automobile honeymoon.
